ServiceMaster Clean
Residential
Services

With the appropriate care, your upholstered living room, dining room, and bedroom furniture can provide many years of use.

Did you know that getting your upholstery cleaned could make your furniture look new again? So don't replace your favorite furniture, let our experienced technicians restore the beauty and extend the life of your favorite furniture. We can help make you feel good about your furniture again.

Upholstered furniture has a wide range of materials and manufacturing methods than carpet. Our professionally trained technicians can identify the fabric type of each upholstered piece and what upholstery cleaning methods will give your upholstery the best, safest and longest lasting results.

In between upholstery cleanings, here are some cleaning and care tips

Vacuum upholstered furniture as often as possible. Even if your home furniture has seen little use, the abrasive action of dirt and dust particles can wear the fibers of your upholstery fabric.

Damp-dust arms and headrest areas with a cleaning solution to prevent body oil accumulation on the upholstery fabric (be sure to follow the manufacturer's recommendation as to the type of upholstery cleaning solution to use).
